Planet Telex - 7b

Tip of the week

Tickmarks! When climbing outdoors, it can be very useful to make a chalk line (or tickmark) that points to a hold that is hard to see when you are hanging below it. When doing a big dyno, it can help to make a tick on the height your nose will be when you stick the jump.

REMEMBER to brush off the tickmarks when you leave the boulder!!

updates from the committee

We've got some great news to share about our gym's recent aquatic adventure. The river had a bit of a temper tantrum and transformed our gym into a makeshift swimming pool. But the silver lining is that the water has finally receded, the mats are dry, and our trusty committee is hard at work reinstalling the mats as we speak. We're excited to announce that we'll be back in action and climbing those walls again very soon! Stay tuned for the reopening date (should be around next week Monday).
